This Agreement is made and entered by and between the Antelope Valley-East Kern Water Agency, a California Water Agency (hereinafter referred to as “AVEK”) and Los Angeles County Waterworks District No. 40 (hereinafter referred to as “District No. 40”) as of the effective date provided herein. AVEK and District No. 40 individually may be referred to herein as a “Party” and collectively may be referred to herein as the “Parties.”

RECOLLS

A. California’s water law and policy, Article X, Section 2 of the California Constitution requires that all uses of the State’s water be both reasonable and beneficial. Specifically, this section of the Constitution states in part, “It is hereby declared that because of the conditions prevailing in this State the general welfare requires that the water resources of the State be put to beneficial use to the fullest extent of which they are capable, and that the waste or unreasonable use or unreasonable method of use of water be prevented, and that the conservation of such waters is to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare.”

B. AVEK Water Agency Law codified as California Water Code Appendix 98-49 et seq. specifically provides for AVEK to sell and deliver or use water under the control of the agency for the beneficial use or uses and protection of the Agency and its inhabitants.

C. The Urban Water Management Planning Act (California Water Code Section 10610 et. seq.) requires California’s urban water suppliers to ensure adequate water supplies are available to meet existing and future water demands. Every urban water supplier that either provides over 3,000 acre-feet of water annually or serves 3,000 or more connections is required to assess the reliability of its water sources over a twenty year planning horizon considering normal, dry and multiple dry years.

D. The Parties recognize that this Agreement for District No. 40 to lease water from AVEK will: (1) increase certainty for District No. 40 thereby enabling better water resource planning in the future; (2) support the ability of District No. 40 to establish community specific policies and goals based on consistent delivery of water; (3) promote improved water management since imported water will enable District No. 40 to implement and directly benefit from specific policies related to sustainability, dual plumbing and conjunctive use; and (4) improve coordination between District No. 40 and AVEK.

E. AVEK and District No. 40 are parties to the action entitled Antelope Valley Groundwater Cases (Santa Clara County Case No. 1-05-CV-049053). The Overlying Production Rights allocated to AVEK in the Judgment in this matter will allow AVEK to produce 3,550 acre feet of water from the Basin on an annual basis or in such amount as is determined from time to time by the Watermaster. As of the effective date, AVEK’s Overlying Production Rights as defined in the Judgment are believed to be 3,550 acre feet for the water year. This agreement is subject to and conditioned upon the execution by District No. 40 and AVEK.
of the Stipulation for Entry of Judgment and Physical Solution substantially in the form that was circulated to the Parties on December 23, 2014, the entry of Judgment in the above captioned case ("Judgment"), and confirmation thereof by the Appellate Courts if appealed by any Party.

F. This Agreement entered into by AVEK with District No. 40 will allow AVEK and District No. 40 to settle in the Antelope Valley Groundwater Cases and allows AVEK and District No. 40 to execute the Stipulation for Entry of Judgment.

MUTUAL PROMISES

AVEK and District No. 40 wish to enter into a lease that will contribute to the long term groundwater stability and sustainability of the Antelope Valley Groundwater Basin ("Basin").

The lease provisions herein entitles District No. 40 to the use, through this lease only, the water available to AVEK based upon AVEK's Overlying Production Rights. AVEK retains and does not convey to District No. 40 any other rights associated with AVEK’s said production right.

AGREEMENT

IN CONSIDERATION of the foregoing recitals, which are incorporated herein as part of this Agreement, and the mutual promises set forth herein, AVEK and District No. 40 agree as follows:

1. **AVEK Water Agency Law, AVEK's Ordinances, Rules and Regulations and Board Policies.** This Agreement is subject to AVEK Water Agency Law (Water Code Appendix 98-49 et seq.), AVEK’s Ordinances, Rules and Regulations and Board Policies. As of the effective date described in Paragraph 5, this Agreement is consistent with AVEK Water Agency Law, AVEK’s Ordinances, Rules and Regulations and Board Policies.

2. **Leasing of Production Rights.** As described in more particularity herein, AVEK hereby leases to District No. 40 and District No. 40 lease from AVEK up to 3,550 acre-feet annually of AVEK’s Overlying Production Rights as defined in the Judgment. This agreement does not impact any existing obligations or agreements between District No. 40 and AVEK relating to water AVEK delivers from the State Water Project.

3. **Annual Allocation of Leased Water.** As described in more particularity herein, the portion of the up to 3,550 acre feet of AVEK’s Overlying Production Rights that AVEK shall lease annually to District No. 40 and that District No. 40 leases from AVEK shall be calculated by multiplying (a) 3,550 by (b) the average of the prior two years of District No. 40’s purchases of AVEK’s water taken as a percentage of the total amount of AVEK’s treated water sold in those years to entities listed in Exhibit C that have existing contracts with AVEK for water service as of the effective date ("Existing AVEK Customers"). For example, if in each of the prior two years AVEK has sold 50,000 acre feet of treated water to Existing AVEK Customers, and in each year District No. 40 has purchased 35,000 acre feet of that 50,000 acre feet of treated water from
AVEK, District No. 40’s average purchases would be 70% and District No. 40 would be entitled to 70% of the 3,550 acre feet or 2,485 acre feet.

4. **Carryover of Unused Lease Production Rights.** Any Overlying Production Rights that are leased pursuant to Paragraph 2 and are not used in the year in which they are leased shall be carried over and accrue over time. For example, if in each of the prior two years AVEK has sold 50,000 acre feet of AVEK’s treated water to Existing AVEK Customers, and in each year District No. 40 has purchased 35,000 acre feet of that 50,000 acre feet of treated water from AVEK, District No. 40’s average purchases would be 70% and District No. 40 would be entitled to carry over, accrue and subsequently lease 70% of the 3,550 acre feet or 2,485 acre feet from that accrual year. At the end of each year in which AVEK’s Overlying Production Rights are leased pursuant to Paragraph 2 but are not used in that year, AVEK shall: (1) notify the Watermaster the amount of AVEK’s Overlying Production Rights leased to District No. 40 that were not pumped; and (2) take all necessary steps to ensure that such unused and accrued carry over water is transferred to District No. 40 for District No. 40’s use as Carry Over water as defined in the Judgment and pursuant to Section 15.3 of the Judgment.

5. **Effective Date.** This Agreement shall become effective and binding upon the Parties on the first day of the month following the execution of the Agreement by District No. 40 and AVEK and entry of the Judgment by the Superior Court. If the Judgment should be overturned at any level, this Agreement shall become null and void.

6. **Term.** The term of this Agreement shall commence at the effective date as described in Paragraph 5 and be in effect so long as AVEK is allocated water under contract with the State of California or any of its subdivisions or via statute for purchase and/or delivery of water.

7. **Lease Rate, Payment, and Adjustment.**

7.1 The rental amount payable under this Agreement shall be $50 per acre foot, in addition to the actual direct costs incurred by AVEK, if any, for any portion of the lease water not pumped by District No. 40 that requires the use of AVEK groundwater pumping and distribution system to deliver the leased water to District No. 40.

On July 1, 2017, and each July 1st thereafter, the rental amount provided for in Paragraph 7.1 shall be increased by the percentage change in the Consumer Price Index (All Urban Consumer Index set forth for the Los Angeles-Riverside-Orange County area), for the prior calendar year (e.g., 2016 on July 1, 2017.)

7.2 The annual rental amount shall be paid by District No. 40 when water is pumped and upon receipt of an invoice for the full amount from AVEK.
7.3 All payments due AVEK pursuant to this Lease shall be made and sent as follows:

AVEK
6500 West Avenue N
Palmdale, CA 93551

8. Agreement regarding Basin Watermaster.

8.1 AVEK agrees to execute and deliver to District No. 40 all documents which, from time to time, may be required by the Watermaster to reflect the lease to District No. 40 of the Overlying Productions Rights which are the subject of this Agreement. All such documents shall be in such form and substance as shall be reasonably satisfactory to AVEK, District No. 40, and Watermaster.

8.2 District No. 40 shall, at its expense, prepare and submit all reports required by the Watermaster in connection with the exercise by District No. 40 of its allocation pursuant to this Agreement.

8.3 This Agreement entitles District No. 40 to lease the water associated with AVEK's Overlying Production Right. AVEK retains and does not convey to District No. 40 any other rights associated with its Overlying Production Right.

8.4 District No. 40 shall pay any and all Watermaster assessments and County of Los Angeles charges which may be levied against the portion of AVEK's aforesaid Overlying Productions Rights that District No. 40 leased, as additional rent.
