Proposed Antelope Valley East Kern Municipal Water District. The huge area embraces the wide desert land of this rapidly developing basin. The boundary was proposed by the board of directors of the Antelope Valley-East Kern Water Basin Association. Special election to form the district is planned for later this year.

Governor to Attend Celebration in June

Despite the threat of dissection by Palmdale Irrigation District, plans for the Antelope Valley-East Kern Municipal Water District are moving ahead rapidly. A committee of Jerry Chase, Hank Anthony, Tommy Thornburg and Martin Nelson was named to study the proposed Antelope Valley-East Kern Municipal Water District at the corner of 8th street near Avenue Q, and membership chairman Elmer Speicher was asked for assistance in bringing in additional members.

The Only Complete Unduplicated Circulation of the Antelope Valley

Plans for Valley Water District, Empire Day Moving Ahead Rapidly

PROPOSED BOUNDARY—Here is the proposed boundary line for the Antelope Valley-East Kern Municipal Water District. The huge area embraces the wide desert land of this rapidly developing basin. The boundary was proposed by the board of directors of the Antelope Valley-East Kern Water Basin Association. Special election to form the district is planned for later this year.

Thirty-One Candidates Enter Trustee Races

Three-one candidates have entered themselves in the running for local school trustee posts. Special election will be held throughout Antelope Valley's high-school and elementary districts, May 13. Voters in the Antelope Valley Joint Union High School District will also hold their own special elections to fill the vacancies in the districts. In four districts, there will be no contests for the trustee positions. Here are the candidates and the number of vacancies in each district:

- **Bakersfield (Albion, kern High School District)**: Seven candidates filing in term ending June 30, 1961, in the Palm Desert District is Rob J. Nelson.

- **Empire Water District**:
  - Running as one of the candidates is Alvin L. Allen, and Allen H. Waldo for the two vacancies in the Kettleman City School District. He will be named M. Evans Jr., and William T. Meek.
  - Opposing the resolution of the Kettleman City School District will be David T. Evans Jr., and William T. Meek.

- **Lancaster of C Slate Announced**

Daylight Saving Time Comes Back Next Sunday a.m.

This annual plague to the minds of men that always in confusion comes up ahead is Sunday next. Apr. 28, when Daylight Saving Time goes into effect throughout the state. Now sun-worshippers and workers will try to shuffle this thing in terms that even a simpler minded newspaper man would understand. At 1 a.m. Sunday, Apr. 28, move your clocks back one hour to 2 a.m.

Public Opinion Survey

And some of the general questions asked were:

1. Do you think the government should be involved in the development of water resources?
2. Should the government be responsible for providing clean water to all citizens?
3. How important is access to clean water in your daily life?
4. Have you noticed changes in the availability or quality of water in your area?
5. What changes do you think are needed to improve water accessibility and quality?

The survey results will be used to inform future decisions and policies related to water management and accessibility.
